Fincons Group opens new Brussels office to be at the heart of Europe

Mon, September 12, 2022, 3:52 PM · 2 min read

MILAN, Sept. 12, 2022, Fincons Group, a leading international IT business consulting and system integrator family company with over 2,000 staff and nearly 40 years' legacy, announces the opening of the Belgian legal entity to expand its market presence right at the heart of Europe. With the new office in downtown Brussel, the mission of the Group will be to strengthen its position and recognition with the European Commission and provide a closer relationship with customers, confirming Fincons' commitment to an International dimension.

Fincons Group has significant experience working with International Institutions, helping them achieve their objectives and winning important European service tenders, where Fincons has been leading an international consortium over the past four years. The Group has a history for winning European research and development funding, such as Horizon 2020, to develop innovation in addition to other national and regional funds.

"Investment in R&D is just one of the ways Fincons Group confirms its commitment to growth and to disseminating a culture of innovation and research across the globe, and we are proud of the excellent partnerships we have already established in the region. A key driver for us moving forwards will be to continue to build on the healthy new business that comes from our excellent and productive relationships with the European Institutions. We also plan to expand our cutting-edge offering covering different industries to Belgian businesses in line with our vision," comments **Michele Moretti, CEO of Fincons Group**.

In fact, Fincons was also recently awarded part of the largest ICT consultancy contract ever launched by the European Commission, to deliver a range of services over a four-year period. The Group was chosen to be part of a select few consultancies and will be working across all three different designated contract lots, delivering different skills and professional profiles as well as working on different technologies.

The engagements with European Commission are only the starting point to develop the Belgian market also introducing our other core capabilities in Media, Transport, Financial Services, Energy & Utility, Manufacturing.

Francesco Moretti, Group Deputy CEO and CEO International of Fincons

Group, declares: "This latest acknowledgement of our skill confirms our increasingly international outlook and shows we are on track to building a global future for the company and its resources. This new entity will play a key role in consolidating the offering to International Institutions and serving them even more effectively in the future but is also another opportunity to showcase our expertise and technological know-how."

"We build on the solid foundation of historic success in the institutional market which we continue to serve with tailored innovation and a customer-centric mindset that means we not only help them solve the issues they face today but lay the ground for tomorrow's transformation. Research and Development are at the heart of Fincons Group's success, and we're delighted to open a new presence at the heart of Europe to continue to drive future technological innovation," confirms **Matteo Villa, Head of International Institutions & Research Unit at Fincons Group**.

Il nuovo ufficio svolgerà un ruolo chiave nel rafforzare il riconoscimento presso la Commissione Europea e consolidare l'offerta alle istituzioni internazionali. Un'opportunità anche per dimostrare il know-how tecnologico

di Redazione
1 giorno fa

Michele Moretti, CEO di Fincons Group

Fincons, multinazionale di IT business consulting e system integration che da 40 anni accompagna le imprese nel cogliere le opportunità del cambiamento digitale proponendo tecnologie all'avanguardia, conferma l'impegno verso una dimensione sempre più internazionale: l'apertura di un nuovo ufficio nel centro di Bruxelles permetterà al Gruppo di rafforzare il posizionamento e riconoscimento presso la Commissione Europea e di stabilire una connessione ancora più forte con i clienti del territorio.

Sono diversi anni, infatti, che Fincons partecipa con successo ai progetti di ricerca e sviluppo finanziati dalla Commissione Europea – come Horizon 2020 – portando la sua esperienza sul mercato e la sua conoscenza tecnologica. Il Gruppo, inoltre, supporta le istituzioni internazionali nel conseguimento dei loro obiettivi, vincendo importanti gare e partecipando a consorzi internazionali.

"L'investimento in ricerca e sviluppo è solo uno dei modi in cui Fincons conferma il proprio impegno per la crescita e la diffusione di una cultura dell'innovazione e della ricerca in tutto il mondo, a fronte anche delle partnership già siglate sul territorio belga – spiega **Michele Moretti, CEO di Fincons Group** – Un fattore chiave per continuare a crescere è quello di investire sulle nuove attività che derivano dalle nostre relazioni con le istituzioni europee. Abbiamo poi in programma di espandere la nostra offerta portando alle aziende del territorio la nostra esperienza nei diversi settori target".

Fincons guiderà l'innovazione tecnologica del futuro

Recentemente, Fincons si è aggiudicata una parte di un grande contratto di consulenza ICT indetto dalla Commissione Europea, che prevede la fornitura di un'ampia gamma di servizi IT con durata pluriennale. Il Gruppo è stato scelto per far parte di una selezione di società di consulenza e lavorerà sui tre diversi lotti contrattuali designati, offrendo competenze e profili professionali specializzati in tecnologie diverse.

Il rapporto con la Commissione Europea è il punto di partenza per lo sviluppo di un mercato belga che vedrà Fincons impegnata in tutti i suoi settori di expertise: International Institutions, Media, Transportation, Financial Services, Energy & Utilities, Manufacturing e Public Administration. Il Gruppo conta oggi oltre 2000 collaboratori e 16 sedi in Italia, Svizzera, UK, Germania, Francia, Belgio e Stati Uniti, dimostrando un forte impegno nello sviluppare un business sostenibile grazie ad una digital transformation che abbia a cuore le persone e il mondo in cui viviamo.

Francesco Moretti, Group Deputy CEO e CEO International di Fincons Group

"Quest'ultimo riconoscimento rafforza la nostra visione internazionale e conferma che siamo sulla strada giusta per costruire un futuro sempre più globale per l'azienda e le sue risorse – commenta **Francesco Moretti, Group Deputy CEO e CEO International di Fincons Group** – il nuovo ufficio svolgerà un ruolo chiave nel consolidare la nostra offerta alle istituzioni internazionali e nell'accompagnarle in modo ancora più efficace in futuro, ma rappresenta anche un'opportunità per dimostrare la nostra esperienza e il nostro know-how tecnologico."

Fincons Group apre una nuova sede a Bruxelles, nel cuore dell'Europa

Di Redazione Data Manager Online - 14 Settembre 2022

Fincons Group, multinazionale di IT business consulting e system integration con oltre 2.000 dipendenti nel mondo e 40 anni di esperienza sul mercato internazionale, prosegue la propria espansione con l'apertura di un nuovo ufficio nel cuore dell'Europa, in Belgio.

La nuova sede nel centro di Bruxelles permetterà al Gruppo di rafforzare il posizionamento e riconoscimento presso la Commissione Europea e di stabilire una connessione ancora più forte con i clienti del territorio, confermando l'impegno di Fincons verso una dimensione sempre più internazionale.

Sono diversi anni, infatti, che Fincons partecipa con successo ai progetti di ricerca e sviluppo finanziati dalla Commissione Europea - come Horizon 2020 - portando la sua esperienza sul mercato e la sua conoscenza tecnologica. Il Gruppo inoltre supporta le istituzioni internazionali nel conseguimento dei loro obiettivi, vincendo importanti gare e partecipando a consorzi internazionali.

"L'investimento in ricerca e sviluppo è solo uno dei modi in cui Fincons conferma il proprio impegno per la crescita e la diffusione di una cultura dell'innovazione e della ricerca in tutto il mondo, e siamo orgogliosi delle eccellenti partnership che abbiamo già stabilito sul territorio belga - commenta **Michele Moretti, CEO di Fincons Group** - Un fattore chiave per continuare a crescere è quello di investire sulle nuove attività che derivano dalle nostre prestigiose relazioni con le istituzioni europee. Abbiamo inoltre in programma di espandere la nostra offerta portando alle aziende del territorio la nostra esperienza nei diversi settori target".

Recentemente Fincons si è aggiudicata una parte del più grande contratto di consulenza ICT mai indetto dalla Commissione Europea, che prevede la fornitura di un'ampia gamma di servizi IT con durata pluriennale. Il Gruppo è stato scelto per far parte di una selezione di società di consulenza e lavorerà sui tre diversi lotti contrattuali designati, offrendo competenze e profili professionali specializzati in tecnologie diverse.

Il rapporto con la Commissione Europea è il punto di partenza per lo sviluppo di un mercato belga che vedrà Fincons impegnata in tutti i suoi settori di expertise: International Institutions, Media, Transportation, Financial Services, Energy & Utilities, Manufacturing e Public Administration.

Francesco Moretti, Group Deputy CEO e CEO International di Fincons Group, dichiara: "Questo ultimo riconoscimento rafforza ulteriormente la nostra visione internazionale e conferma che siamo sulla strada giusta per costruire un futuro sempre più globale per l'azienda e le sue risorse. Il nuovo ufficio svolgerà un ruolo chiave nel consolidare la nostra offerta alle istituzioni internazionali e nell'accompagnarle in modo ancora più efficace in futuro, ma rappresenta anche un'opportunità per dimostrare la nostra esperienza e il nostro know-how tecnologico."

"Il nostro successo nasce sulle solide fondamenta dell'esperienza sul mercato istituzionale, che serviamo da diversi anni con soluzioni e servizi innovativi e personalizzati. In questo modo, non solo aiutiamo le istituzioni e le aziende a risolvere i problemi che devono affrontare oggi, ma prepariamo il terreno per la trasformazione digitale di domani. Ricerca e lo sviluppo sono al centro dell'impegno di Fincons e siamo felici di estendere la nostra presenza nel cuore dell'Europa per continuare a guidare l'innovazione tecnologica del futuro", conferma **Matteo Villa, Head of International Institutions & Research Unit di Fincons Group**.

Espansione e ricerca: Fincons Group apre la nuova sede a Bruxelles

SCRITTO DA FEDERICA BIEEL IL 16 SETTEMBRE 2022 PUBLICATO IN DAL MERCATO

[In Linkedit](#) [Facebook](#) [WhatsApp](#) [Twitter](#) [E-mail](#) [RSS](#)

Espandersi e investire nella conoscenza. Sono queste le missioni di Fincons Group, multinazionale di IT business consulting e system integration con 40 anni di esperienza sul mercato internazionale, che ha aperto di recente un nuovo ufficio in Belgio. La nuova sede, situata nel centro di Bruxelles, è una scelta strategica per permettere al Gruppo di rafforzare il posizionamento e il riconoscimento presso la Commissione europea, e di stabilire una connessione ancora più forte con i clienti del territorio. "Il nuovo ufficio svolgerà un ruolo chiave nel consolidare la nostra offerta alle istituzioni internazionali e nell'accompagnarle in modo ancora più efficace in futuro, ma rappresenta anche un'opportunità per dimostrare il nostro know how tecnologico", ha affermato Francesco Moretti, Group Deputy CEO e CEO International di Fincons Group.

Il gruppo conta oggi oltre 2mila collaboratori e 16 sedi: oltre al Belgio è presente in Italia, Svizzera, Regno Unito, Germania, Francia e Stati Uniti. Da tempo è forte l'impegno nello sviluppare un business sostenibile; al centro di tutto c'è la Digital transformation che ha a cuore le persone e il Pianeta in cui viviamo. "Il nostro successo nasce sulle fondamenta dell'esperienza sul mercato istituzionale, che serviamo da diversi anni con soluzioni e servizi innovativi e personalizzati. In questo modo, non solo aiutiamo le aziende a risolvere i problemi che devono affrontare in questo momento, ma prepariamo il terreno per la trasformazione digitale di domani", ha dichiarato Matteo Villa, Head of International Institutions & Research Unit di Fincons Group.

Lo sbarco in Belgio si inserisce nella strategia di espansione iniziata già da qualche tempo. Sono diversi anni, infatti, che l'azienda partecipa con successo ai progetti di Ricerca e Sviluppo sostenuti dalla Commissione europea, come Horizon 2020, il programma di finanziamento alla ricerca scientifica e all'innovazione che ha un impatto sulla vita dei cittadini europei (il quale è stato dotato, peraltro, di un budget tra i più alti del mondo: quasi 80 miliardi di euro per sette anni, dal 2014 al 2020). "L'investimento in questo ambito è solo uno dei modi per confermare il nostro impegno nella crescita e diffusione di una cultura del progresso e della ricerca in tutto il mondo, e siamo orgogliosi delle eccellenti partnership che abbiamo già stabilito sul territorio belga", ha commentato Michele Moretti, CEO di Fincons Group.

La collaborazione con un contratto di consulenza ICT della Commissione europea

Il gruppo supporta inoltre le istituzioni internazionali nel conseguimento dei loro obiettivi; lo si vince dalla vittoria di gare e dalla partecipazione a consorzi. "Un fattore chiave per continuare a crescere è quello di investire sulle nuove attività che derivano dalle nostre prestigiose relazioni con le istituzioni europee. Abbiamo, inoltre, in programma di espandere la nostra offerta portando alle aziende del territorio la nostra esperienza nei diversi settori target", ha continuato Michele Moretti.

Recentemente la multinazionale tecnologica si è aggiudicata una parte di un grande contratto di consulenza di Information Communication Technology (ICT) della Commissione europea, che prevede la fornitura di un'ampia gamma di servizi IT con durata pluriennale: il gruppo è stato scelto per far parte di una selezione di società di consulenza e lavorare sui tre diversi lotti contrattuali designati, offrendo competenze e profili professionali specializzati in tecnologie diverse.

A questo proposito, ha rivelato Francesco Moretti: "Questo ultimo riconoscimento rafforza ulteriormente la nostra visione internazionale e conferma che siamo sulla strada giusta per costruire un futuro sempre più globale per l'azienda e le sue risorse". Il rapporto con la Commissione europea è il punto di partenza per lo sviluppo di un mercato belga che vedrà Fincons impegnata in tutti i suoi settori di expertise: International Institutions, Media, Transportation, Financial Services, Energy & Utilities, Manufacturing e Public Administration.
